you letters were not to explirit as could have been desined Where one the slaves? who received them? who contrived the whole morter? I was afrois to vay any thing about what little you or worted is I go not know whether the Southwick's prowest was tell, that is I go not so I show to best to be on the rose side & to be in the I give have wort in the I vilor to hear many with the I this New Be afond hands many many but in they will the out the new and your letters safe on &, with they will the fat the new and your letters safe on &, for matters really were at land to hear for justiers really were at last. We were surficied to of find lyw lettle Morine had to do with the now that she are eved greatness, but now she had greatness touther whom her. I shall come to Boston either tomore I day I have some things which I want to do to trained before I go to way mouth It as Anne will go I do there I want to go by Saturday. The Emersons all forming at the same time Anne does. Henry Stanton I lostilled yesterday moon in Mr hongridges church the loggest in the plane) which was full of people Notice John finen in all the churches. He lectures to night in the I flowe the showing very foorly brain he will is thought to give up for a time, very own this Chowles is to best him up an egg" every now & then to Theef him going If you have an offertunity to send it to well be along in The staye souther day afternoon. Mrs & mers on resolutely Busides to aunt dray that she should will to Sweymonth but she thought afterwards it was not worth while yours in love & haste & w.

Miss Caroline Weston.
